

Estate Planning and Probate

Our attorneys provide complex and comprehensive estate planning for high net-worth individuals and families – often commensurate with business succession planning. We incorporate strategies which include sophisticated trust planning, asset protection, charitable donations and planned giving, irrevocable life insurance trusts, IRA trusts, special/supplemental needs trusts, asset discounting and valuation freezing, estate tax management, and family limited partnerships, to name a few.

We also offer efficient and effective basic estate planning packages and complete will probating services.
