

CORPORATE AND TRANSACTIONAL

Our Corporate and Transactional Group offers a full spectrum of legal services needed by 21st century companies to compete and prosper.

We advise for-profit and non-profit directors, corporate officers, and founding teams on matters of corporate governance, regulatory and systems compliance, operations strategy, mergers and acquisitions, banking and finance, real estate purchase and leasing, employment, risk management, contract management, cybersecurity, and stakeholder dispute resolution. We leverage our extensive experience in handling complex domestic and cross-border transactions to provide creative and efficient solutions to our clients' corporate legal needs. We think like the entrepreneurially-minded business leaders we serve, collaborating seamlessly with executive teams, boards, and stakeholders to address day-to-day concerns and implement strategic goals.

Our clients represent diverse industries, including fintech, software and industrial engineering, recycling, manufacturing, staffing, healthcare, and entertainment. We advise clients throughout the business life cycle, from strategic entity selection and formation through all stages of business growth and development, as well as serving as lead counsel in numerous buy-side and sell-side M&A transactions. We have negotiated contracts covering virtually all aspects of business operations, including licensing and distribution, construction, professional services, technology services, corporate sponsorship, real estate purchase and leasing, credit structuring and bank lending, non-traditional financing, private equity, corporate finance, and mergers, acquisitions, and joint ventures.
