

GENERAL LIABILITY

From the largest corporations to independent businesses and insurance companies to governmental entities, Drew Eckl & Farnham has the depth and breadth of experience to represent clients in all types of casualty matters.

Measured Success

The firm's demonstrated aptitude at investigating, litigating, and resolving cases includes matters involving indemnity and contract litigation, personal injury and bodily injury, risk management, and much more.

Drew Eckl & Farnham has a proven track record of efficiently and effectively assisting clients in even extremely complex liability cases; the firm has a portfolio of hundreds of defense verdicts from juries, as well as thousands of successful alternative dispute resolutions to demonstrate our proven approach to defense and litigation.

Diverse General Liability Practice

General liability and casualty law covers a wide range of issues, and our attorneys are agile and experienced enough to take on all of them.

Some of the firm's practice areas include:

- Appellate Practice
- Automobile Liability

Our attorneys also work to prioritize preventative measures, like advising clients on contractual protections and risk management strategies, which help if litigation later arises. Client dedication is a

paramount value for our firm and as such, we learn about our client's business and concerns as part of that dedication.
